Bold type indicates courses requiring a quality grade of C or better.

Italics indicate courses that satisfy both major and General Education requirements.

Bold Italics indicate courses requiring a quality grade of C or better and that satisfy both major and General Education requirements.

GWS, GHA, GQ, GN, GA, GH, and GS are codes used to identify General Education requirements.

US, IL, and US;IL are codes used to designate courses that satisfy University United States/International Cultures requirements.

W is the code used to designate courses that satisfy University Writing Across the Curriculum requirement.

Scheduling patterns for courses not taught each semester:

Fall and Summer only:	BIOL 110*
Fall only:	BIOL 230W BIOL 441
Spring only:	BIOL 220W BIOL 240W BIOL 407
Summer only:	BIOL 414

Program Notes: This is only one way to plan your schedule – please consult with a biology advisor to refine your plan. Be aware that most 400 level Biology courses are taught only in one semester and over time, the semester offering can change.

*BIOL 110 in the fall is for freshman and sophomores only.

BIOL 110 in the spring is for juniors and seniors only.
